"The Alpha Nu Omega Scholarship has been a tremendous help with my financial situation. I'm going to graduate late and the Alpha Nu Omega scholarship has relieved a lot of the financial stress that can go with that. I've also been able to focus on my studies and dedicate time to Alpha Nu Omega and my community instead of being forced to work full time. I'm very grateful for all the help this scholarship has given me."

- Thiago Augusto "August" Kono, 2020-21 scholarship recipient

## How you can help:

- Make an outright annual gift to the scholarship, which have an immediate impact on excellence and access at UMD. Regular contributions provide a steady stream of support.
- Add to the current endowed fund. Endowment gifts can be made with cash, securities, real estate, or through multi-year pledges. The gift's principal is invested to provide a permanent resource, with an annual payout used to support the scholarship. Endowments increase in value over time, making more funds available to students in the future.
- Include a scholarship gift in your estate plan to create a personal legacy. Designating a future scholarship gift allows donors to control assets while they are living and helps students far into the future. Some planned gifts can provide a life income to the donor, as well as tax advantages.
